

CPSAT

THE CENTRE FOR POSTTRAUMATIC
STRESS & ANXIETY TREATMENT Ltd.

We have moved!

Effective November 15, 2021, The Centre for Posttraumatic Stress & Anxiety Treatment has relocated to our new offices at:

Unit 302, 11611 - 107 Avenue NW
Edmonton, Alberta
T5H 0P9

Parking:

There are 9 covered surface stalls (including 1 accessible stall) reserved for free client use along the west side of the building, immediately adjacent to the lane entrance at 107 Avenue (please see reverse for map). An additional 18 reserved spots are available free in the surface parking lot located behind (south of) the building. Entry to the surface parking lot is from the lane, which can be accessed from both 107 and 106 Avenues. Please note that the stalls designated for client use are identified by signs with green banners that read 'Vibe Professional Centre - Customer Parking Only'—as you enter the surface lot, they are the 8 stalls on the left and 10 on the right situated at the far end, closest to the building. Free street parking is available on the east side of the building along 116 Street.

Entering the building:

Main doors to the building are located at street level on 107 Avenue. Doors are locked after 6:00 p.m. on weekdays and at all times on weekends. If you have an appointment during those hours, you may access the building by keying in the code provided by your clinician. Front desk staff or your clinician will provide a separate code to allow you to access the 3rd floor via the elevator. If you did not receive a code or have misplaced it, please contact the front desk at 780.800.5585.

Finding the Clinic:

Please turn right on exiting the elevator, then right again, and then left. The entrance to the clinic will be ahead and to your left.
